Experiment 1: Create a simple cloud software application for Library book reservation system for SIMATS library using any Cloud Service Provider to demonstrate SaaS include the necessary fields such as Title of the book, author, publications, Year, edition, no of copies, Rack no, status (taken/returned) etc.

The image displays two screenshots of a web application titled "SIMATS Payroll Processing System".

The top screenshot shows the "SIMATS Payroll Processing System" form. The form includes the following fields:

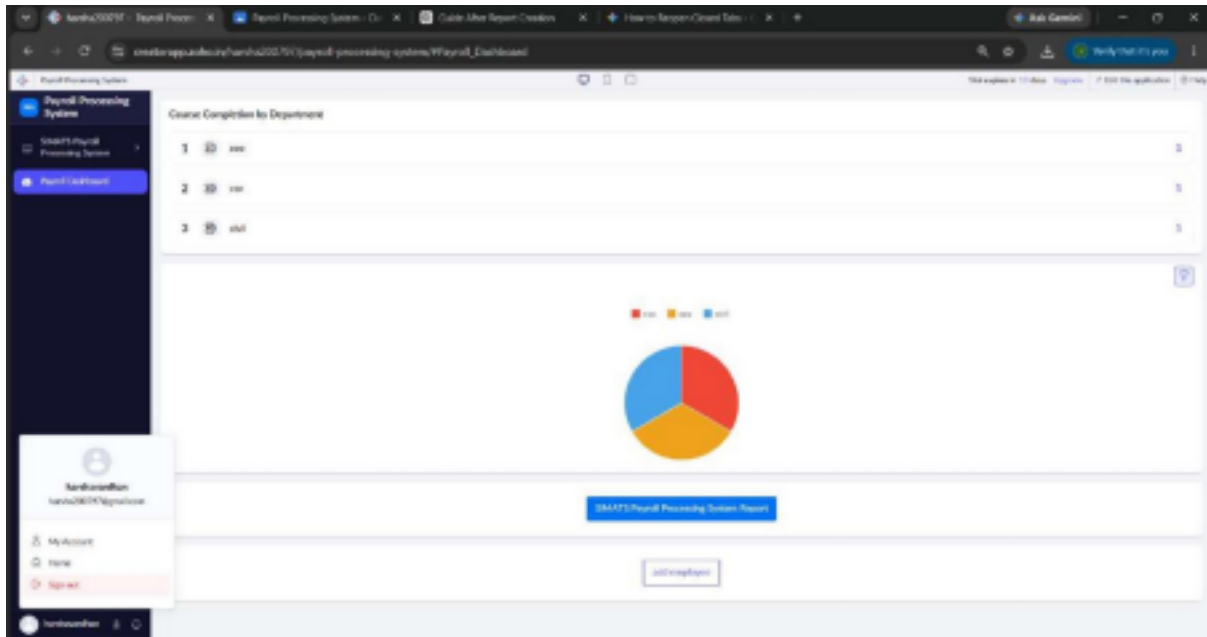

- Employee name:
- Department:
- Designation:
- Experience in present organization:
- Overall experience:
- Basic pay:
- HRA:
- DA:
- TA:

A "Submit" button is located at the bottom right of the form.

The bottom screenshot shows the "SIMATS Payroll Processing System Report". The report displays a table with the following columns:

Employee name	Department	Designation	Experience in present organization	Overall experience	Employee ID	Basic pay
prashant	IT	Software Engineer	2	5	3	15,00,000
prashant	IT	Software Engineer	3	4	2	15,00,000
prashant	IT	Software Engineer	2	5	4	15,00,000

The report also includes a "Download" button at the bottom right.

Experiment 2: Create a simple cloud software application for Payroll Processing System using any Cloud Service Provider to demonstrate SaaS include the necessary fields such as Name of the employee, experience in present org , over all experience, basic pay, HRA, DA, TA, net pay, gross pay etc.

The screenshot shows a web application for a Library Book Reservation System. The sidebar on the left contains navigation links: 'Library Book Reservation System', 'SMARTS Library Book Reservation System', 'Available Books', 'Reserved Books', 'Returned Books', and 'All Books'. The main content area is titled 'SMARTS Library Book Reservation System'. It features a form with the following fields: 'Title of the Book', 'Author', 'Publication', 'Year', 'Edition', 'Number of Copies', 'Book Number', 'Book Category' (with a dropdown menu), 'Status' (with radio buttons for 'Available', 'Reserved', and 'Returned'), 'Remarks', 'Reservation Date', and 'Return Date'. A 'Submit' button is located at the bottom of the form.
